

Durham County Council – Direct Services B&FM

With the help of: Tanfield Lea Community Primary School

Theme: OPAL – Outdoor Play and Learning

Children from Tanfield Lea Community Primary School created artwork to represent their status as an OPAL school – which encourages playing outside, creativity and learning. The mural shows how pupils build dens, swing through the trees, get dressed up, race around on scooters and balance bikes, play football and create their own imaginative worlds like chocolate rivers and candy lands!

Durham County Council – Direct Services B&FM

With the help of:

Lanchester EP Primary School

Theme: Our School in Summer 2017

Pupils created a vivid hoarding which included paintings of construction machinery including a digger, cranes and cement mixers, all surrounded by beautiful school grounds and flowers. The artwork was completed during the school's after school art club where the children spent time painting their designs and ideas onto the hoarding.

EHA Group

With the help of: Harryville Primary School

Theme: Healthy Living and Healthy Eating

EHA Group partnered with Harryville Primary School to promote healthy living and healthy eating among the pupils, who were invited to create posters illustrating the different ways to keep fit and healthy. As part of EHA Group's commitment to promoting health and safety as well as healthy living, the company donated hi-visibility clothing to the school to increase the visibility of children walking to and from school, or taking part in school activities.
